Sprint 2 Plan

Product Name: Visual Data Studio
Team Name: Deer Squad
Sprint Name: Sprint 2
Completion Date: 07/17/2017
Revision Date: 07/10/2017
Scrum Master (Sprint 2): Javier Juanillo

Goal for Sprint 2:

Task Listing:
User story 1
- As a visual learner, I want (different maps (topojson)) on different topics (e.g. South Korea) so that I can grasp the information faster. / 5

Tasks description (time estimate for tasks):
- Ask TA for assistance in inspecting Tim's code so that we can understand how he manipulates any given JSON file.

Total for user story 1: 8-10 hours

User story 2
- As a visual learner, I want (different (csv input)) data sets on different topics so that I can grasp the information faster. / 3

Tasks description (time estimate for tasks):
- Find function that parses data
- Use javascript to handle csv file uploaded by user

Total for user story 2: 3 hours

User story 3
- As a political activist, I want population cartogram of individual US states so that I can persuade people Trump lost the popular vote. / 5

Tasks description (time estimate for tasks):
- Ask TA for assistance with compatibility issues with original topoJSON files with our own topoJSON files

Total for user story 3: 8-10 hours

User story 4
- As a user of the web, I want an easily navigable UI so that I don't have to mess around in the site to learn the features. / 5

Tasks description (time estimate for tasks):
- Implement outline of website
  - Restructure & stylize webpage components (HTML & CSS)

- - ■ Include/edit dashboard.drop-down menus, buttons, links
  - ● Continue to familiarize ourselves with HTML & CSS

Total for user story 4: 10-12 hours
